CONFERENCE

TOTAL NO. OF SPEAKERS:

35 Speakers representing Government of India and State Governments along with industry leaders, academicians, start-ups and incubators deliberated on compelling areas / issues / opportunities and threats in the Medical Electronics and Medical Device Industry.

NO. OF DELEGATES:

The Conference was attended by around 100 delegates representing all sections of Industry, Academia and Government.

SESSIONS:

The Conference was enriched with deliberations focusing on Topics of utmost importance to the sector ranging from 'Policy Interventions' to 'Innovation and Start-ups', 'Leveraging m-health & e-Health technology platforms' and 'Make in India' alongside the exclusive 'CEOs Roundtable' which saw presence of 18 CEOs and top representatives of India's Medtech industry.

EMERGING FROM THE CONFERENCE:

The Conference sessions led to an insightful sharing of facts, knowledge and experiences by eminent speakers belonging to varied stakeholder groups. Delegate participation was full of enthusiasm and ushered an interactive Q-A session after each session.

Session: Policy Interventions in MedTech

Session: Leveraging M-Health and E-Health Solution for unmet Healthcare Needs

Session: Bridging Gaps - Scaling Start Ups

Session: Success Stories of Make in India in MedTech

RELEASING OF KNOWLEDGE PAPER

A Knowledge paper jointly developed by FICCI and McKinsey titled 'Medical Device Industry: Realizing the Make in India Opportunity' was released during Inaugural Session of Conference. It captures the essence of what Opportunity lies ahead of India's Medtech sector and what key initiatives can be taken to realize the Make in India Vision. It also showcases global scenarios which resulted in successful consolidation of Medtech industries abroad.

Government of India's Key initiatives for Medical Devices Sector in India - Manufacturing and R&D: A ready reckoner enlisting most of the Government's schemes for promoting R&D and Manufacturing of Medical technology in India.

KEY HIGHLIGHT OF INDIA MEDICAL EXPO 2016

Medtech start-ups were given a platform to pitch to visiting state health authorities with ready to market products. This unique initiative at India Medical Expo led to encouraging response as it was found apt for matchmaking between National health mission needs and adoption of innovative medical technology solutions created by start-ups. India Medical Expo & Conference will remain committed to creating platforms to synergise increased access of affordable medical tech solutions and growth of this sunrise sector in India.

CEOs FORUM

India Medical Expo hosted an exclusive Medtech CEO's Roundtable comprising of the who's who of India's Medtech industry including start-ups and SMEs. The roundtable was chaired by **Shri Ananth Kumar, Hon'ble Minister of Chemical & Fertilisers, Govt. of India** in the august presence of eminent decision makers from other ministries related to medical device industry. Deliberations were focussed on filling gaps and paving the way forward for meeting India's unmet Healthcare issues and at the same time positioning India's medtech industry as a strong player on the Global map.
